

Oklahoma Unit 2018

Larry Walters, President

Just wanted to let everyone know we have scheduled our first rally of the year at Osage Hills State Park, April 26th - 29th. Osage Hills State Park is a beautiful state park close to Bartlesville. The RV sites are not too crowded and there is a lake with mountain bike/hiking trails.

We will probably do a group trip to Woolaroc, the ranch/museum of Frank Phillips, founder of Phillips Petroleum. If you have not been, it is quite a museum with Western and Indian art and artifacts. Website : <https://www.woolaroc.org/>

Other attractions in the area are:

Price Tower & Arts Center - The only "skyscraper" designed by Frank Lloyd Wright

Frank Phillips Home

Tallgrass Prairie Reserve - Pawhuska

Tom Mix Museum and Dewey Hotel - Dewey

Keepsake Candle Factory and Country Store

Phillips Petroleum Museum

Pioneer Woman Restaurant and Mercantile - Pawhuska

If enough people are interested we could set up a tour of Price Tower and possibly have lunch there as well.

I tried to set up a group reservation for camping but couldn't until we fill out paperwork for the state so for now everyone needs to make their own reservations. I thought we would try to all get together in the same area, sites 6 - 9 & 16 - 18. There are only 20 spots available so if you are thinking you might go, you should get your reservations soon.

Reservations can be made online at gocampok.com.

<https://www.gocampok.com/campground/app/index2.php?letter=O>

Please let me know if you make a reservation so we know how many are coming. I will send out more information later. Naturally you can come sooner or stay later at the park if you wish.
